Welcome!

Working in Partnership

Welcome!!

- Housekeeping
- Introductions
- Rationale:

– to feedback and suggest improvements, to help promote positive and effective two-way communication between parents and the Trust. **The improvement of children's learning experience** is the Forum's clear and consistent goal.

- During these meetings **we will not** be discussing items relating to specific pupils, specific parents or individual staff: this should be discussed one to one with the relevant teacher or Headteacher as appropriate.

Feedback from Parents:
What is Working Well?

Teacher and parent communication / Communication via dojo fast replies.

Opportunities for children to work across classes and help others during lunchtimes, paired reading, and playground games.

Trips and external to school activities offered eg sports activities at different settings / Trips and time outside of the classroom both my children enjoy coming to school and I think all the extra activities apart from the core subjects really help. Mrs Brown sport doing all the extra sporting activities which my children enjoy.
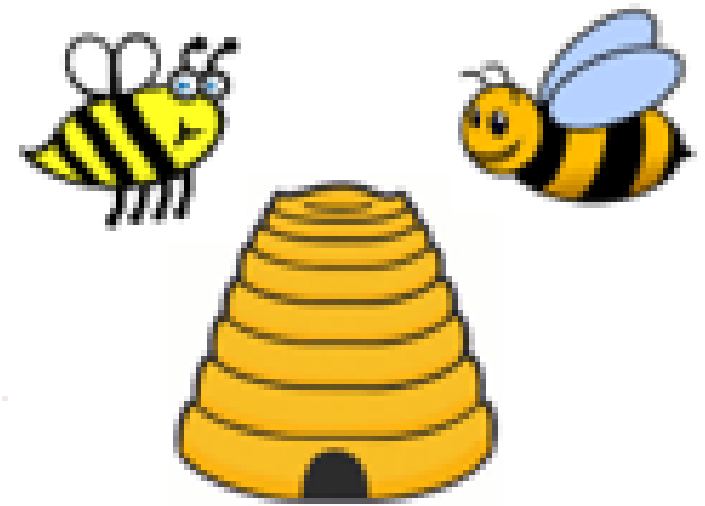

Finally 2 good full time teachers in both Bumble bee and Honey bee classes.
I believe experienced teachers are so important when teaching more than 1 year group.

Questions

When will we know next years teachers for all classes?

How is the new lunch time routine, the different play areas / quieter zones etc going?

Class 3 new year 4 starters
 - How do you deal with bullying issues?
- How do you make sure any extra needs are transferred over to the new teacher?
- Is there a full time support person and are they experienced?
- Can you tell us some back ground about the new class 3 teacher and is she only going to be in class until Mrs Morris comes back from maternity leave as that will be another teacher change halfway through a school year which has been very unsettling for my child when this has happened in previous years.
